

Utah K-12 schools report the immunization status of all enrolled students in the APPX web application each year. From this data summary, reports are generated for kindergarten and 7th grade immunization status. The tables below report the percentage of students in kindergarten and 7th grade schools who are adequately immunized or who have an exemption to any school-required vaccine. Please note the percentages do not always sum to 100% for these two categories. This is due to the fact that schools may also have students classified as on conditional enrollment, extended conditional enrollment, or out-of-compliance; these categories are not represented in the tables below.

Kindergarten School Entry Table:

Kindergarten Entry, Adequately Immunized and Total Vaccine Exemptions, 2018-2019 School Year					
Health District	School District	School Type	School Name	% Adequately Immunized	% Total Exemptions
Bear River	Box Elder	District	Century Elementary	90.1	8.6
