If a record is not returned with a search, you will have the option to Enter New Patient. The “Enter New Patient” button will not appear until you have conducted the initial search. \* Please note it may take more than one search to find a record. Please see “Patient Search” guide for search suggestions.

When the **Enter New Patient** button was selected on the **Search** screen, the following Demographics screen displays with the information entered for the search displayed.

- Enter and Save all information available for the individual, and the facility’s Patient ID for the person.
